CRITICAL DATE SHEET

Published Date	22.10.2022 (10.00 A.M.)
Bid Document Download / Sale Start Date	22.10.2022 (10.00 A.M.)
Bid Submission Start Date	22.10.2022 (10.00 A.M.)
Bid Submission End Date	08.11.2022(12.00Noon)
Technical Bid Opening Date	09.11.2022(02.00 P.M.)
Financial Bid Opening Date	Next working day after the result of technical bid is uploaded

3. Bid Submission:

Bidders are advised to visit this website regularly to keep themselves updated as any change/ modification in the tender will be intimated through this website only.

Bids shall be submitted online only at CPPP website: <https://eprocure.gov.in/eprocure/app>.

Bid documents may be scanned with 100 dpi with black and white option which helps in reducing size of the scanned document. However the uploaded documents should be legible. Illegible documents shall not be accepted.

4. Not more than one tender shall be submitted by one contactor or contractors having business relationship. Under no circumstance will father and his son(s) or other close relations who have business relationship with one another (i.e. when one or more partner(s)/director(s) are common) be allowed to tender for the same contract as separate competitors. A breach of this condition will render the tenders of both parties liable to rejection.

5. Tenderer who has downloaded the tender from the College website <http://www.Vivekanandacollege.edu.in> Central Public Procurement Portal (CPPP) website

Juma m. d. g.
कार्यकारी/स्थानापन्न प्राचार्या/Actg./Offg. Principal
विवेकानंद महाविद्यालय/Vivekananda College
(दिल्ली विश्वविद्यालय)/(University of Delhi)

<https://eprocure.gov.in/eprocure/app>, shall not tamper/modify the tender form including downloaded price bid template in any manner. In case if the same is found to be tempered/modified in any manner, tender will be completely rejected and EMD would be forfeited and tenderer is liable to be banned from doing business with Vivekananda College.

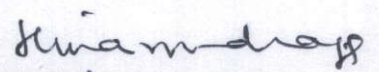

6. Intending tenderers are **advised to visit again** Vivekananda College website <http://Vivekanandacollege.edu.in/>, www.du.ac.in and **CPPP website** <https://eprocure.gov.in/eprocure/app> **regularly till closing date of submission** of tender for any corrigendum / addendum/ amendment.

7. Applicant contractor must provide demand draft for Rs.1000/- (Rupees One thousand only) (to be purchased on or after publication date of this tender) in favour of 'PRINCIPAL, VIVEKANANDACOLLEGE', with their application/downloaded tenders as the cost of tender forms/ documents. The all applicable bank charges shall be borne by the applicant and he shall not have any claim what so ever on this account on College. In case of re- tendering, the firms which has submitted the DD in earlier calls will be required to submit proof of Draft along with their tender/application in subsequent calls. Tender not accompanied with the cost of tender documents is liable to be rejected. However, public sectors undertaking / Govt. undertaking firms are exempted from the payment towards cost of tender documents.

8. The EMD for Rs.29,776.0 (Rupees Eighty eight thousand one hundred and forty four only) in the shape of Bank Draft in favour of 'PRINCIPAL,VIVEKANANDA COLLEGE' shall be deposited along with the Technical bid.

The Hard Copy of original instruments in respect of cost of tender document with all annexures, and earnest money, must be delivered to the Principal, Vivekananda College on or before bid opening date/time as mentioned in critical date sheet. Tenderer shall likely to be liable for legal action for non-submission of original payment instrument like DD, etc., against the submitted bid. The Demand Draft attached/submitted for tender fee shall be non-refundable.

9. Bids will be opened as per date/time as mentioned in the **Tender Critical Date Sheet**. After online opening of Technical-Bid the results of their qualification as well Price-Bid opening will be intimated latter.

S.NO	NIT NO.	Name of work & location	Estimated cost put to Bid (Rs.)	Earnest Money (In shape of DD Rs.)	Period of completion	Last date & time of submission of Technical & Financial Bid	Time & date opening of Technical Bid	Cost of tender Non – refundable (In shape of DD Rs.)
1	2	3	4	5	6	7	8	9
1		WATERPROOFING AND RETROFITTING WORK ON THE ROOF OF APPLIED PSYCHOLOGY LAB SIDE OF THE BUILDING AND OTHER MISCELLANEOUS CIVIL WORK.	14,88,818.0	29,776.0	3 Months			1,000.0 (In favour of Principal Vivekananda College)

The intending bidder must read the terms and conditions of NIT carefully. He should only submit his bid if he considers himself eligible and he is in possession of all the documents required.

1.1 Estimated cost, however, is given merely as a rough guide.

1.2 Intending bidders who are eligible shall submit the bid with definite proof of having executed similar work from the appropriate authority, which shall be to the satisfaction of the competent authority, regarding completed similar works of magnitude as specified.

Kunja Madhavi
कार्यकारी/स्थानापन्न प्राचार्या/Actg./Offg. Principal
विवेकानंद महाविद्यालय/Vivekananda College
(दिल्ली विश्वविद्यालय)/(University of Delhi)
विवेक विहार, दिल्ली-95/Vivek Vihar, Delhi-95

Criteria for eligibility for submission of bid documents

1.2.1 Criteria of eligibility for contractors.

Three similar works each of value not less than @40% of estimated cost or two similar works each of value not less than @60% of estimated cost or one similar work of value not less than @80% of estimated cost of any Central/State Govt. Departments/Corporations /Undertakings /Development Authorities in last 5years ending last day of month previous to the one in which the bids are invited.

The value of executed works shall be brought to current costing level by enhancing the actual value of work at simple rate of 7% per annum, calculated from the date of completion to the last date of submission of bid.

“Similar work” means Waterproofing and retrofitting work

2. Agreement shall be drawn with the successful bidders on prescribed Form No. CPWD- 8 which is available on website www.cpwd.gov.in. The bidders shall quote his rates as per various terms and conditions of the said form which will form part of the agreement.
3. The time allowed for carrying out the work will be **3 months** from the date of start as defined in schedule F or from the first date of handing over of the site, whichever is later, in accordance with the phasing, if any, indicated in the bid documents.
4. The site for the work is available.
5. The bid documents consisting of specifications, schedule of quantities of various types of items to be executed and the set of terms and conditions of contract to be complied with and other necessary documents except
All the General conditions of Contract regarding Labour welfare, adherence to labour laws, Safety provisions, Environmental precautions and provisions shall be applicable. If the contractor finds certain conditions irrelevant to the project he should point out those conditions before entering into agreement.
6. After submission of the bid, the contractor can re submit revised bid any numbers of times but before last time and date of submission of bid as notified.
7. While submitting the revised bid, contractor can revise the rate of one or more items(s) any number of times (he need not reenter rates of all the items) but before last time and date of submission of bid as notified.
8. The Earnest Money of Rs.29,776.0 drawn in favour of Principal, Vivekananda College, Delhi in the shape of pay order/DD of Bank.
9. The bid submitted shall become invalid if:
 - i) The bidders are found ineligible.
 - ii) The bidder does not submit all the documents (including GST registration) as stipulated in the bid document.
10. The Contractor, whose bid is accepted, will be required to furnish performance guarantee of 5% (Five Percent) of the tendered amount within the period specified in Schedule 'F'. This guarantee shall be in the form of Deposit at call receipt/Banker's Cheque/Demand Draft /Pay order / Fixed Deposit Receipts or Guarantee Bonds of any Scheduled Bank in accordance with the prescribed form. In case the contractor fails to deposit the said

performance guarantee within the period as indicated in schedule F including the extended period if any, the Earnest Money deposited by the contractor shall be forfeited automatically without any notice to the contractor.

11. **The description of the work is as follows:**

WATERPROOFING AND RETROFITTING WORK ON THE ROOF OF APPLIED PSYCHOLOGY LAB SIDE OF THE BUILDING AND OTHER MISCELLANEOUS CIVIL WORK.

Intending Bidders are advised to inspect and examine the site and its surroundings and satisfy themselves before submitting their bids as to the nature of the ground and sub-soil (so far as is practicable), the form and nature of the site, the means of access to the site, the accommodation they may require and in general shall themselves obtain all necessary information as to risks, contingencies and other circumstances which may influence or affect their bid. A bidders shall be deemed to have full knowledge of the site whether he inspects it or not and no extra charge consequent on any misunderstanding or otherwise shall be allowed. The bidders shall be responsible for arranging and maintaining at his cost all materials, tools & plants, water, electricity access, facilities for workers and all other services required for executing the work unless otherwise specifically provided for in the contract documents. Submission of a bid by a bidders implies that he has read this notice and all other contract documents and has made himself aware of the scope and specifications of the work to be done and of conditions and rates at which stores, tools and plant, etc. will be issued to him by Principal, Vivekananda College and local conditions and other factors having a bearing on the execution of the work.

12. The competent authority on behalf of Principal, Vivekananda College does not bind itself to accept the lowest or any other tender, and reserves to itself the authority to reject any or all of the tenders received without assigning any reason. All tenders, in which any of the prescribed conditions is not fulfilled or any condition including that of conditional rebate is put forth by the tenderer, shall be summarily rejected.
13. The competent authority on behalf of Principal, Vivekananda College reserves to itself the right of accepting the whole or any part of the tender and the tenderer shall be bound to perform the same at the rate quoted.
14. The tender for the works shall remain open for acceptance for a period of 90 days from the date of financial bid. If any tenderer withdraws his tender before the said period or issue of "letter of acceptance", whichever is earlier or makes any modifications in the terms and conditions of the tender which are not acceptable to the department, then the Principal, Vivekananda Collegeshall, without prejudice to any other right or remedy, be at liberty to forfeit 50% of the said earnest money as aforesaid. Further the bidders shall not be allowed to participate in the re bidding process of the work.
15. The Notice Inviting Tender shall form a part of the contract document. The successful bidder on acceptance of his bid by the accepting authority shall within 15 days from the stipulated date of start of the work, sign the contract consisting of:-
 - a) The Notice Inviting Bid, all the documents including additional conditions, specifications and drawings if any forming part of the bid as uploaded at the time of invitation of bid and the rates quoted online at the time of submission of bid and acceptance thereof together with any correspondence leading thereto.

CONDITIONS FOR CEMENT

1. The contractor shall procure 43 grade (conforming to IS 8112) ordinary Portland cement, as required in the work, from reputed manufacturers of cement having a production capacity not less than one million Tons or more per annum, such as ACC, Ultratech, Birla, J.K., Vikram, Ambuja & Cement Corporation of India etc., as approved by the Ministry of Industry, Government of India, and holding license to use ISI certification mark for their product. The tenderers may also submit a list of names of cement manufacturers which they propose to use in the work. The tender accepting authority reserves right to accept or reject name(s) of cement manufacturer(s) which the tenderer proposes to use in the work. No change in the tendered rates will be accepted if the tender accepting authority does not accept the list of cement manufacturers, given by the tenderer, fully or partially. The supply of cement shall be taken in 50 kg. bags bearing manufacturer's name and ISI marking. Samples of cement arranged by the contractor shall be taken by the Engineer-in-charge and got tested in accordance with provisions of relevant BIS codes. In case the test results indicate that the cement arranged by the contractor does not conform to the relevant BIS codes, the same shall stand rejected, and it shall be removed from the site by the contractor at his own cost within a week's time of written order from the Engineer-in-charge to do so.
2. The cement shall be brought at site in bulk supply of 15 Tons (approximately) or less as decided by the Engineer-in-charge.
3. If so required the cement godown of the capacity to store up to of 2000 bags of cement shall be constructed by the contractor at site of work for which no extra payment shall be made. Double lock provision shall be made to the door of the cement godown. The keys of one lock shall remain with the Engineer-in-charge or his authorized representative and the keys of the other lock shall remain with the contractor. The contractor shall be responsible for the watch and ward and safety of the cement godown. The contractor shall facilitate the inspection of the cement godown by the Engineer-in-charge at any time.
4. The cement shall be got tested by the Engineer-in-charge if required and shall be used on the work only after satisfactory test results have been received. The contractor shall supply free of charge the cement required for testing including its transportation cost to testing laboratories. The cost & charges of tests shall be borne by the contractor.
5. The actual issue and consumption of cement on work shall be regulated and proper accounts maintained as provided in clause 10 of the contract. The theoretical consumption of cement shall be worked out as per procedure prescribed in clause 42 of the contract and shall be governed by conditions laid therein. In case the cement consumption is less than theoretical consumption including permissible variation, recovery at the rate so prescribed shall be made. In case of excess consumption no adjustment need to be made.
6. The cement brought to the site and the cement remaining unused after completion of the work shall not be removed from site without the written permission of the Engineer-in-charge.

CONDITIONS FOR STEEL

1. The contractor shall procure steel reinforcement Fe500Dbarsas specified in structural drawings conforming to the relevant BIS codes from the main producers as approved by the Ministry of Steel and secondary producers or re-rollers having valid BIS license. For TMT bars conforming to relevant BIS code, procurement shall be made from main producers. The contractor shall submit original vouchers from the manufacturer for the total quantity Steel supplied under each consignment.
2. The contractor shall have to obtain and furnish test certificates to the Engineer-in-charge in respect of all supplies of steel brought by him to the site of work.
3. Samples shall also be taken and got tested by the Engineer-in-charge as per the provisions in this regard in relevant BIS codes. In case the test results indicate that the steel arranged by the contractor does not conform to BIS codes, the same shall stand rejected, and it shall be removed from the site of work by the contractor at his cost within a week time of written orders from the Engineer-in-charge to do so.
4. The steel reinforcement bars shall be brought to the site in bulk supply of 10 tons or more, or as decided by the Engineer-in-charge.
5. The steel reinforcement bars shall be stored by the contractor at site of work in such a way as to prevent their distortion and corrosion, and nothing extra shall be paid on this account. Bars of different sizes and lengths shall be stored separately to facilitate easy counting and checking.
6. For checking nominal mass, tensile strength, bend test, re-bend test etc. specimens of sufficient length shall be cut from each size of the bar at random, and at frequency not less than that specified below:

Size of bar	For consignment below 100Tons	For consignment above 100 Tons
Under 10 mm dia bars	One sample for each 25 Tonsor part thereof	One sample for each 40 Tonsor part thereof
10 mm to 16 mm dia bars	One sample for each 35 Tonsor part thereof	One sample for each 45 Tonsor part thereof
Over 16 mm dia bars	One sample for each 45 Tonsor part thereof	One sample for each 50Tons or part thereof

7. The contractor shall supply free of charge the steel required for testing including its transportation to testing laboratories. The cost of tests shall be borne by the contractor.
8. The actual issue and consumption of steel on work shall be regulated and proper accounts maintained as provided in clause 10 of the contract. The theoretical consumption of steel shall be worked out as per procedure prescribed in clause 42 of the contract and shall be governed by conditions laid therein. In case the consumption is less than theoretical consumption including permissible variations recovery at the rate so prescribed shall be made. In case of excess consumption no adjustment need to be made.
9. The steel brought to site and the steel remaining unused shall not be removed from site without the written permission of the Engineer-in-charge.
10. Reinforcement including authorized spacer bars and lap pages shall be measured in length of different diameters as actually used but not more than as specified in the drawings.
11. Reinforcement including authorized spacer bars and laps shall be measured in length of different diameter, as actually(not more than as specified in the drawings) used in the work nearest to a centimeter and their weight calculated on the basis of standard weight given in

 कार्यकारी/स्थानापन्न प्राचार्य/Actg./Offg. Principal
 विवेकानंद महाविद्यालय/Vivekananda College
 (दिल्ली विश्वविद्यालय)/(University of Delhi)

Table in CPWD specification Vol-I. In case actual unit weight of the bars is less than standard unit weight, but within variation, in such cases weight of reinforcement shall be calculated on the basis of actual unit weight. Wastage and unauthorized overlaps shall not be paid for. Annealed steel wire required for binding or tack welding shall not be measured, its cost being including in the rate of reinforcement.

12. In case, TMT steel bars from main producers as above are not available, TMT steel bars from approved secondary procedures having valid BIS license, can be used after obtaining prior approval of the Engineer-in-charge in writing. The contractor will have to produce a Non availability Certificate from the main producers and shall pay difference in the rates between the primary & secondary producers of steel on the date of payment shall be recovered from the contractors payments.

Form of Bank Guarantee Bond (Performance Guarantee)

In consideration of the Principal, Vivekananda College having offered to accept the terms and conditions of agreement between Principal, Vivekananda College and (hereinafter called "the said Contractor(s)") for the work (hereinafter called "the said agreement")) having agreed to production of irrevocable Bank Guarantee for Rs. (Rupees only) as a security / Guarantee from the contractor(s) for compliance of his obligations in accordance with the terms and conditions in the said agreement.

1. We (hereinafter referred to as "the Bank") hereby undertake to pay to the Principal, Vivekananda College an amount not exceeding Rs. (Rupees only) on demand by the Principal, Vivekananda College.
2. We (indicate the name of the Bank) do hereby undertake to pay the amount due and payable under this Guarantee without any demure, merely on a demand from the Principal, Vivekananda College stating that the amount claimed is required to meet the recoveries due or likely to be due from the said contractor(s). Any such demand made on the Bank shall be conclusive as regard the amount due and payable by the bank under this Guarantee. However, our liability under this Guarantee shall be restricted to an amount not exceeding Rs. (Rupees Only).
3. We the said bank further undertake to pay to the Principal, Vivekananda College any money so demanded notwithstanding any dispute or disputes raised by the contractor(s) in any suit proceeding pending before any court or tribunal related thereto, our liability under this present being absolute and unequivocal.
The payment so made by us under this bond shall have been a valid discharge or our liability for payment thereunder and the Contractor(s) shall have no claim against us for making such payment
4. We (indicate the name of the Bank) further agree that the Guarantee herein contained shall remain in full force and effect during the period that would be taken for the performance of the said agreement and that it shall continue to be enforceable till all the dues of the Principal, Vivekananda College under or by virtue of the said agreement have been fully paid and its claims satisfied or discharged or till Engineer-in-charge on behalf of the Principal, Vivekananda College certified that the terms and conditions of the said agreement have been fully and properly carried out the said Contractor(s) and accordingly discharges this Guarantee.
5. We (indicate the name of the Bank) further agree that the Principal, Vivekananda College shall have the fullest liberty without our consent and

दिवेकानन्द महाविद्यालय/Vivekananda College
(दिल्ली विश्वविद्यालय)/(University of Delhi)

without effecting in any manner our obligations hereunder to very any of the terms and conditions of the said agreement or

6. to extend time of performance by the said contractor(s) from time to time or to postpone for any time or from time to time any of the powers exercisable by the Principal, Vivekananda College E against the said contractor(s) and to forbearance or enforce any of the terms and conditions relating to the said agreement and we shall not be relieved from our liability by reason of any such variation, extension being granted to the said contractor(s) or for any forbearance, act of omission on the part of , or any indulgence by the Principal, Vivekananda College to the said contractor(s) or by any such matter or thing whatsoever which under the law relating to sureties would, but for this provision, have effect of so relieving us.
7. The guarantee will not be discharged due to the change in the constitution of the Bank or the contractor(s).
8. We (indicate the name of the bank) lastly undertake not to revoke this guarantee except with the previous consent of the Principal, Vivekananda College in writing.
9. This guarantee shall be valid up to unless extended on demand by Principal, Vivekananda College Notwithstanding anything mentioned above, out liability against this guarantee is restricted to Rs. (Rupees..... Only) and unless a claim in writing is lodged with us within six months of the date of expiry or the extended date of expiry of this guarantee all our liabilities under this guarantee shall stand discharged.

Dated that day of for
(indicate the name of the Bank).

GUARANTEE TO BE EXECUTED BY THE CONTRACTOR FOR REMOVAL OF DEFECTS AFTER COMPLETION IN RESPECT OF WATER PROOFING WORKS

The agreement made this day of two thousand between S/o of (hereinafter called the Guarantor on the one part) and the Managing Director, Principal, Vivekananda College (hereinafter called the Government/Department on the other part).

WHEREAS AS THIS agreement is supplementary to a contract (hereinafter called the contract) dated and made between the Guarantor of the one part and the Government of the other part, whereby the contractor, inter alia undertook to render the buildings and structures in the said contract recited completely water and leak proof.

AND WHEREAS THE GUARANTOR agreed to give a guarantee to the affect the said structures will remain water and lead proof, for five years from the date of completion of maintenance period.

NOW THE GUARANTOR hereby guarantees that water proofing treatment given by him will render the structures completely lead proof and the minimum life of such water proofing treatment shall be five years to be reckoned from the date after the maintenance period prescribed in the contract.

Provided that the Guarantor will not be responsible for leakage caused by earthquake or misuse of roof or alternation and for such purpose.

- (a) Misuse of roof shall mean any operations, which will damages proofing treatment, like chopping of firewood and things of the same nature which might cause damage to the roof.
- (b) Alternation shall mean construction of an additional storey or a part of the roof or construction adjoining to existing roof whereby proofing treatment is removed in parts.
- (c) The decision of the Engineer-in-charge with regard to cause of leakage shall be final.

During this period of guarantee, the guarantor shall make good all defects and in case of any defect being found, render the building water proof to the satisfaction of the Engineer-in-charge at his cost and shall commence the work for such rectification within seven days from the date of issue of the notice from the Engineer-in-charge calling upon him to rectify the defects failing which the work shall be got done by the Department by other contractor at the Guarantors cost and risk. The decision of the Engineer-in-charge to the cost, payable by the Guarantor shall be final and binding.

That if the Guarantor fails to execute the water proofing or commits breach there under, then the Guarantor will indemnify the Principal and his successors against all loss, damages, cost, expenses or otherwise which may be incurred by him by reason of any case on the part of the GUARANTOR in performance and observance of this supplementary agreement. As to the amount of loss and/or damage and/or cost incurred the Government/ College the decision of the Engineer-in-charge will be final and binding on the parties.

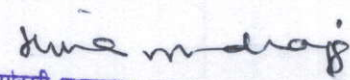

IN WITNESS WHEREOF these presents have been executed by the obligator and by and for and behalf of the Principal, Vivekananda College on the day, month and year first above written.

Signed sealed and delivered by OBLIGATOR in the presence of:-

1.

2.

Signed for and on behalf of

GENERAL SPECIFICATIONS & SPECIAL CONDITIONS (CIVIL)

- 1 The entire works shall be done as per CPWD specifications for Delhi 2009 Vol. I to II with up to date correction slips. If the specifications for any item are not available in the CPWD specification referred above, relevant ISI specifications shall be followed. In case ISI specifications are also not available, the decision of the Engineer-in-Charge, shall be final.

Before commencement of the work, the contractor shall correlate nomenclature of the items with all the relevant Architectural and structural drawings to satisfy himself that the information available there from is complete and unambiguous. The figures and written dimensions on the drawing shall supersede the measurements by scale. The contractor will submit for approval of Engineer-in-charge, his working drawings and the sample of work to be performed under the specified items of work before actually commencing the mass execution of work under the item. Nothing extra shall be payable on this account.

2. The nomenclature of the item shall take precedence overall and anything stated elsewhere.
- a) The conditions and specifications attached to tender documents shall take precedence over the provisions of CPWD specifications 2009 (Vol. I to II) with up to date correction slips.
- b) In case it is not possible to resolve the dispute with the help of tender documents and CPWD specification 2009 Vol. I to II with up to date correction slips.

In case, it is not possible to resolve dispute with the help of any of the above stated documents, the decisions and directions of the Engineer-in-charge/ Principal, Vivekananda College shall be final for execution and completion of any item of work.

3 No labour shall be allowed to stay within Campus except for Contractors watch and ward staff.

- 4 Whenever any reference to any Indian standard specifications occurs in the document relating to this contract the same shall be inclusive of all the amendments issued there to or revisions thereof, if any, up to the date of receipt of tenders.
- 5 The work shall be carried out in the manner complying in all respects with requirement of relevant bye-laws or the local bodies under the jurisdiction of which the entire work is to be executed or as directed by the Engineer-in-charge and nothing extra will be paid on this account.
- 6 The contractor shall be responsible to arrange at his own cost all necessary T&P required for the execution of work.
- 7 The contractor shall make his own arrangement for water and temporary electric connections, if required, and make necessary payment for it direct to the department concerned.
- 8 The contractor is deemed to have fully acquainted himself with the nature and extent of the work and working conditions at site before submitting the tender. The work shall be executed as per preference of items approved by Engineer-in-charge. If the materials, drawing, designs etc. are not available due to any conditions the program of the contractors shall be modified accordingly and no compensations/damages shall be payable.
- 9 The contractor shall take all safety measures precautions by exhibiting necessary caution boards, red flags, red lights, and barriers to avoid any accident during execution of work. The contractor shall be responsible for all damages and accident due to negligence on his part. The contractor shall also provide helmets, safety belts etc. required for workers.

- 10 No payment will be made to the contractor for damages caused by rains or other natural calamities or riots during execution of the work and no claims on this account will be entertained.
- 11 The rates of all items of work shall, unless clearly specified otherwise are including cost of all labour, material and other inputs involved in the execution of the item.
- 12 The work of Third party inspection is not applicable.
- 13 The contractor shall make all efforts to mechanize the construction work to maximum possible extent by using the latest T & P / machinery and equipment etc. The agency shall ensure valid driving license for the operators of any earth moving equipment & in case any mishap occur due to any reasons, It will be solely on the part of the contractor including any compensation claim.
- 14 The contractor will use steel scaffolding with all safety precaution and steel shuttering as per direction of Engineer-in-charge.
- 15 The time of completion shall be essence of the contract and to be strictly adhered to by the contractor. He shall provide a BAR/PERT chart showing all the activity and events for timely completion of the project within 15 days from the award of work.
- 16 The contractor shall make his own arrangement for water at his own cost which should be fit for construction purposes as per CPWD specification. In case any non conformity, the charge of remedial measures to water shall be borne by the agency.
- 17 The various items of the work shall be taken up simultaneously wherever possible to speed up the work. Nothing extra shall be paid on this account.
- 18 The contractor shall maintain in good condition all work during execution till completion of entire work allotted to him.
- 19 The contractor should make necessary arrangement for round the clock working including working on Sundays and holidays except National holidays & the planning should be done accordingly.
- 20 The contractor shall provide at his own cost all the instruments including surveying instruments etc. required for the purpose of checking at the site of work. Complete layout including setting up Benchmarks, taking and fixing levels for all works required to be executed under the project shall be done by the contractor.
- 21 The contractor shall make arrangement for sufficient quantity of all the materials required for construction of work conforming to specifications. The agency shall procure stone aggregate from the popular source of stones aggregate in NCR like Palli (Faridabad)/Sohna (Gurgaon) or any source approved by the Engineer-in-charge. Similarly the coarse sand shall procure from Herbertpur (Vikas Nagar) or Yamuna Nagar (Haryana), Narnaul or any other source approved by Engineer-in-charge.
- 22 The Contractor shall make necessary arrangements for medical aid to all his workers including availability of first aid box all the time at the site of work.
- 23 The design and drawing may be revised any time during execution of work by competent authority. No claim shall be entertained on this account.
- 24 Even ISI marked material may be subjected to the quality test at the discretion of the Engineer-in-charge. Whenever ISI marked materials are brought to the site of work the contractor shall, if required by the Engineer-in-charge furnish manufacturers test certificate or test certificates confirm to the relevant IS Codes. However cement /steel will be necessarily tested before start of work and will not be used till test certificates are obtained and approved by Engineer-in-charge.

- 25 The work may be inspected by Central Vigilance Commission or any other Govt. agency on behalf of Principal, Vivekananda College. Any deduction/compensation proposed by CVC or Principal, Vivekananda College in this regard for defective work or work not confirming to specifications, loss of time, amount shall be deducted from bills. No claim of the contractor whatsoever shall be entertained on this account.
- 26 The department will be responsible only to the contractor and his authorized representative and none else, with whom contractor may be in liaison or associated in any manner. The agency shall intimate the authorized representative with notarized signature immediately after the acceptance of work.
- 27 The contractor shall also make necessary arrangement at his own cost for diesel generator sets, pump sets for water & sewer disposal required for the work, so that the same can be used by him during failure/none availability of electricity. Necessary permission etc. if required shall be taken by him from the concerned authorities. Nothing extra shall be paid on this account.
- 28 The contractor has to execute the work carefully so that the work already executed may not be damaged due to his operation of machines and manpower. If any work is damaged due to negligence compensation has to be paid / recovered, no claim shall be entertained of this account.
- 29 All tools, plant and machinery provided by the contractor, shall, when brought to the site, be deemed to be exclusively intended for construction and completion of this work and the contractor shall not remove the same or any part thereof without the consent of the Engineer-in-charge.
- 30 The tenderer shall acquaint him with the proposed site of works, its sub-soil strata, underground water table land for stacking / storage of building material and its approach roads before quoting his rates. The construction of new approach road or repair of the existing approach and its maintenance during the execution of the work shall be carried out by the tenderer and nothing extra shall be payable over his quoted rates.
- 31 The contractor shall submit sample of all fitting and fixtures proposed to be used to the Engineer-in-charge for his approval. The approved samples shall remain with the Engineer-in-charge till the completion of work. The contractor shall construct samples of the finishing items like stone and tile work, flooring work, toilets etc. complete in all respects as per the directions of the Engineer-in-charge. These samples shall be got approved from the Engineer-in-charge and the consultant before commencing the mass work & nothing extra shall be paid.
- 32 The contractor shall take care of the safety precautions pertaining to the construction of works, such as excavation, trenching, demolition, provisions of scaffolding, ladder, working platforms, gangways, mixing asphalt materials, electric arc/gas welding, use of hoisting and construction machinery. He shall be governed by relevant provisions of Principal, Vivekananda College safety code and as directed by the Engineer-in-charge and nothing extra shall be payable in this account.
- 33 The contractor shall be responsible for watch and ward of the building, safety of all fittings and fixtures including sanitary and water supply fittings and fixtures against pilferage and breakage during the period of installation and thereafter till the building is physical handed over to the department.
- 34 The manpower statement indicating the names of the staff with designation & there functional mobile no's will also be intimated to the Engineer-in-charge.
- 35 The agency shall procure at site inclusive of all lead & lifts, RMC of reputed make

[Signature]
 कार्यकारी/स्थानापन्न प्राचार्या/Actg./Offg. Principal
 विवेकानंद महाविद्यालय/Vivekananda College
 (दिल्ली विश्वविद्यालय)/(University of Delhi)

like Ultratech/Birla/ACC/Lafarge or any other make approved by the Engineer-in-charge without any extra payment.

- 36 The contractor shall comply with all legal orders and directions of the local/public authority and abide by their rules and regulations and pay all fees and charges which may be liable at his own cost. The contract shall give due notices to Municipal/ Police and/ or other authorities that may be required under the law/ rules enforce in the area and obtain all requisite licenses/permission for any obstructions/ enclosures/digging etc. and pay all the charges which may be leviable on this account to execute the work. Nothing extra shall be payable on this account.
- 37 The contractor shall protect the existing/adjoining buildings or works and the work under execution from fire and shall make adequate arrangement for fire protection and firefighting and if any property is damaged by fire due to the negligence of the contractor, the same shall be made good by the contractor at his own cost to the entire satisfaction of Engineer-in-charge.
- 38 All space allotted to the contractor at site shall be vacated and removed from site at any time as and when required as directed by the Engineer-in-charge unconditionally and without any reservation. The Engineer-in-charge will not be obliged to give any reason for such removal. Upon receiving instructions to vacate the space, the contractor shall immediately remove all his structures with dismantled materials, etc. from the site premises and clear & clean-up the site to the satisfaction of the Engineer-in-charge. It shall be the responsibility of the contractor to safeguard the site and ensure that no illegal encroachments are made by outside elements within the area allotted to the contractor. After completion of the work or earlier as required by Engineer-in-charge, the contractor shall vacate the site totally without any reservation.
- 39 The initial levels of the plot/site shall be taken by jointly by contractor, Principal, Vivekananda College before the work starts.
- 40 Progress Photographs:-The Contractor shall arrange two set of album of self speaking photographs colour prints of size 5' X 7' (digital) or more as directed by Engineer in Charge reflecting the condition of site before & during and after completion of construction of each site along with CD's. No extra payment shall be paid on this account to the contractor.
- 41 The contractor shall dispose of all rubbish/building malba from the site to the approved municipal dumping ground/or any designated place irrespective of all lead& lift as per direction of Engineer-in-charge. Nothing extra shall be paid on account of any extra lead.
- 42 The agency will depute a liaison assistant/Supervisor to coordinate with the officers of the client department during the execution of the work without any payment in addition to Technical representatives.

43 TESTING OF MATERIAL / QUALITY ASSURANCE

The samples for testing which shall be sent to approved lab the contractor shall have to bear all the cost like cartage/transportation etc. including the cost of sample & testing charges. The frequency and the number of tests shall be as per CPWD specification or as directed by Engineer-in-charge. The 75% tests shall be conducted at site which can be conducted with the equipments available at site & 25% tests shall be conducted from the outside lab. The test which are not possible at site, all such tests shall be conducted from outside lab at the cost of agency.

- i) The contractor shall get the source of various materials and their samples namely aggregate, cement, sand, steel, water etc. to be used on the work, approved from the Engineer-in-charge and kept in custody for matching the consignments of the materials received at site later on.

 कार्यकारी/स्थानापन्न प्राचार्या/Actg./Offg. Principal
 विवेकानंद महाविद्यालय/Vivekananda College
 (दिल्ली विश्वविद्यालय)/(University of Delhi)

- ii) In order to ensure quality of the work during its execution, the Engineer-in-charge may require samples for mandatory or routine testing of materials. All cost of the testing, samples, their packing, conveyance from the site to the testing laboratory and return, shall be borne by the contractor. However, it will be discretion of the Engineer-in-charge to get the tests of any materials done at site for which the contractor will have to make proper arrangements & nothing extra will be payable to this account.
- iii) Even ISI marked material may be subjected to the quality test at the discretion of the Engineer-in-charge. Whenever ISI marked materials are brought to the site of work the contractor shall, if required by the Engineer-in-charge, furnish manufactures test certificates or test certificate from approved testing laboratory to establish that the material occurred by the contractor, conform to the provision of relevant IS codes. However, cement/steel will be necessarily tested before start of work and will not be used till test certificates are obtained and approved by Engineer-in-charge.
44. Other agency doing works related with this project will also simultaneously execute the work and the contractor shall afford necessary facility for the same. The contractor shall leave necessary holes, opening extra for laying/burying in the work, pipes, cables, conduits, clamps, boxes, boxes and hooks for fans clamps etc. as may be required for the other agency. Conduit for electrical wiring/cable will be laid in a way that they leave enough space for concreting and do not adversely affect the structural members. Nothing extra over the agreement rates shall be paid for the same.
45. The structural and architectural drawing shall at all times be properly correlated before executing any work. However, in case of any discrepancy in the item given in the schedule of quantities appended with the tender and Architectural drawing relating to the relevant item, the former shall prevail unless and otherwise given in writing by the Engineer-in-charge.
46. The contractor shall be responsible for removal for any defect cropping up in the water proofing work executed by him within the guarantee period of five years from the date of issue of completion certificate. The form of the guarantee bond to be executed by the contractor within 15 days of start of work shall be as per prescribed format.
47. The contractor shall take all preventive measures against any damage caused by rain, snowfall, floods or any other natural calamity, whatsoever during the execution of the work. The contractor shall be fully responsible for any damage to the owners' property and to the work for which the advance payment has been made to him under the contract. If water accumulates in basement/foundation/low-lying are as of site, the contractor shall pump out at his own cost.
48. The contractor shall submit comprehensive insurance policy (CAR) for the entire project before the start of the work & nothing shall be payable to contractor on this account.
49. The agency shall ensure labour/construction workers registration EPF registration with labour department of GNCTD & produce the proof of the said registrations to the Engineer-in-charge as soon as the work is started.
50. The rate of steel reinforcement applies on all dia.
51. The agency shall submit appropriate & ground water lowering system for approval from the Engineer-in-charge. The agency shall start the excavation for basement after getting approval for mode of excavation & safety precautions. Nothing shall be paid to the agency on this account. The agency shall ensure the protection of adjoining structures/boundary wall during dewatering due to change in characteristic of soils.
52. The agency shall store the excavated earth at site if space is available or shift the earth at any other location & shall bring back required quantity of the earth at site at the time of any filling/raising of ground level or for any other purpose. This pertains to disposal of surplus earth and bringing back the required quantity. Nothing shall be paid extra for disposal/

Annexure VII

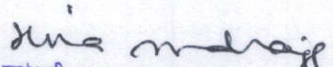

Format for Financial Bid (Financial bid has to be filled online only in excel file)

Please fill rates for Complete Scope of services as stipulated in the Technical Bid Document on Firm Price basis .

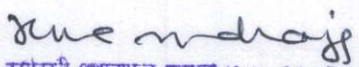

All tendered rates shall be inclusive of any tax (including GST), levy or cess applicable on last stipulated date of receipt of tender including extension if any. No adjustment i.e. increase or decrease shall be made for any variation in the rate of GST, Building and Other Construction Workers Welfare Cess or any tax, levy or cess applicable on inputs.

1. The rates shall be quoted in Indian Rupee only.
2. The payment will be made to the Contractor at any Bank Account maintained in India by way of ECS/RTGS after deducting the TDS as applicable.
3. The quoted rates shall remain firm throughout the tenure of the contract and no revision is permissible for any reason.
4. ALL THE RATES SHALL BE INCLUSIVE OF GST. NO GST SHALL BE PAID IN ADDITION.

BOQ FOR WATERPROOFING AND RETROFITTING WORK ON THE ROOF OF APPLIED PSYCHOLOGY LAB SIDE OF THE BUILDING AND OTHER MISCELLANEOUS CIVIL WORK.				
ALL THE RATES SHALL BE INCLUSIVE OF GST				
	Roof Top			
1	Dismantling of 1 roof (approx 125 sqft) and wall (approx 56 sqft) complete including removing malba/debris from roof to ground floor as per required.	Job	1	
2	Dismantling of 1 numbers mumty (roof approx 140 sqft & wall approx 300 sqft) and small room (roof approx 36 sqft & wall approx 84 sqft) on Roof top complete including removing malba/debris from roof to ground floor as per required.	Job	1	
3	Removing /dismantling of antenna from roof top to ground floor as per required	job	1	
4	Providing and laying integral cement based water proofing treatment including preparation of surface as required for treatment of roofs, balconies, terraces etc consisting of following operations:	Sqm	650	
a.	Removig/dismantling of existing roof plaster and removing malba from roof to ground floor as per required.			
b.	Applying a slurry coat of neat cement using 2.75 kg/sqm of cement admixed with water proofing compound conforming to IS. 2645 and approved by Engineer-in-charge over the RCC slab including adjoining walls upto 300 mm height including cleaning the surface before treatment.

c.	Finishing the surface with 20 mm thick jointless cement mortar of mix 1:4 (1 cement :4 coarse sand) admixed with water proofing compound conforming to IS : 2645 and approved by Engineer-in-charge including laying glass fibre cloth of approved quality in top layer of plaster and finally finishing the surface with trowel with neat cement slurry and making pattern of 300x300 mm square 3 mm deep.			
d.	The whole terrace so finished shall be flooded with water for a minimum period of two weeks for curing and for final test. "All above operations to be done in order and as directed and specified by the Engineer-in-Charge :			
5	Removing malba/debris from site to dumping ground.	cum	44	
6	Providing and laying in position cement concrete of specified grade excluding the cost of centering and shuttering - All work up to plinth level :			
	1:1½:3 (1 Cement: 1½ coarse sand (zone-III) derived from natural sources : 3 graded stone aggregate 20 mm nominal size derived from natural sources)	cum	0.63	
7	Providing and laying in position cement concrete of specified grade excluding the cost of centering and shuttering - All work above plinth level :			
	1:1½:3 (1 Cement: 1½ coarse sand (zone-III) derived from natural sources : 3 graded stone aggregate 20 mm nominal size derived from natural sources)	cum	1	
	Retrofitting			
8	Dismantling Loose plaster of Roof & Wall.	sqm	52	
9	Applying 20 mm cement plaster of mix : (1 cement: 3 fine sand)	sqm	79	
10	Identifying loose hollow, cracked concrete. Chiseling off the same carefully by manual method, upto good non- carbonated concrete. Lowering, stacking the debris. A) Brushing cleaning the exposed reinforcement. Hacking loose, delaminated concrete, loose aggregates from the surface of tor steel bar. Providing and applying rust converter chemical Sika rust off 100 or equivalent. Washing cleaning and re- brushing the steel after 12 hours minimum. Surface area of steel reinforcement will be measured for payment. B) Providing and applying Zinc rich primer BASF Master Emaco p-130 / Sika Fria Zinc, of approved make to the exposed, cleaned reinforcement. Surface area of steel reinforcement shall be measured for payments			
	All charges for providing and applying NITO BOND -EP on existing surface for all building elements and at all level as per manufacturer specification all complete as per the instruction of Engineer In charge.	litter	5	
11	The damaged concrete patch shall be repaired with polymer modified mortar of structural grade having mix design as 50 kg cement: 200 kg coarse sand: 5 kg Sika Latex (Product Data Sheet enclosed), and water to have workable consistency. PMM shall be applied in multiple layers of not more than 15 mm thickness in one layer in the maximum of 40 mm.	sqm	51

 विवेकानंद महाविद्यालय/Vivekananda College
 (दिल्ली विश्वविद्यालय)/(University of Delhi)
 विवेक विहार, दिल्ली-95/Vivek Vihar, Delhi-95

12	Providing & applying 6mm average thick Cement Sand Plaster with Polypropylene Fiber to slab soffit in superstructure above plinth level up to any height & level in cement mortar 1:6 (1 cement: 6 coarse sand) including hacking the surfaces, scaffolding, curing, making grooves at desired locations & curing etc. all complete as per details, specifications, drawings and to the satisfaction of the Engineer.	sqm	51	
13	Khurra 450 mm x 450 mm	each	10	
14	Removing/ Scraping old distemper & Repair with wall putty wherever required.	sqm	181	
15	Finishing with Deluxe Multi surface paint system for interiors and exteriors using Primer as per manufacturers specifications :			
	Two or more coats applied on walls @ 1.25 ltr/10 sqm over and including one coat of Special primer applied @ 0.75 ltr /10 sqm	sqm	285	
16	Applying wall putty on new plaster	sqm	337	
17	Painting with synthetic enamel paint of approved brand and manufacture to give an even shade :			
	Two or more coats on new work	sqm	20	
18	Providing and fixing double scaffolding system (cup lock type) on the exterior side, up to seven story height made with 40 mm dia M.S. tube 1.5 m centre to centre, horizontal & vertical tubes joining with cup & lock system with M.S. tubes, M.S. tube challies, M.S. clamps and M.S. staircase system in the scaffolding for working platform etc. and maintaining it in a serviceable condition for the required duration as approved and removing it there after	sqm	80	
19	Centering and shuttering including strutting, propping etc. and removal of form for :			
	Suspended floors, roofs, landings, balconies and access platform	sqm	10	
	Lintels, beams, plinth beams, girders, bressumers and cantilevers	sqm	10	
20	Removing/alteration/refixing m s channel gate as required	Job	1	
21	Kota stone slabs 20 mm thick in risers of steps, skirting, dado and pillars laid on 12 mm (average) thick cement mortar 1:3 (1 cement: 3 coarse sand) and jointed with grey cement slurry mixed with pigment to match the shade of the slabs, including rubbing and polishing complete.	sqm	1.5	
22	Providing and fixing false ceiling at all heights with tiles of Size 595x595 mm of approved texture, design and patterns level suspended on interlocking metal T-Grid of hot dipped galvanised iron section of 0.33mmthick (galvanized @ 120 grams per sqm including both sides) comprising of main-T runners of size 24x38 mm of length 3000 mm, cross - T of size 24x32 mm of length 1200 mm and secondary intermediate cross-T of size 24x32 mm of length 600mm to form grid module of size 600 x 600 mm, suspended from ceiling using galvanised mild steel items (galvanizing @ 80 grams per sqm) i.e. 50 mm long, 8 mm outer diameter M-6 dash fasteners, 6 mm dia fully threaded hanger.			
	4 mm thick cement board tiles size 600 mm x 600 mm.	Sqm	74	
23	Repairing of Existing false ceiling as per required.	sqm	30	
24	Dismantling of brick wall for door opening as required.	Job	1	

25	Aluminium door with powder coated as per required Size- 3'x6.5'	Nos	1	
26	Providing and fixing 18 mm thick gang saw cut, mirror polished, premoulded and prepolished, machine cut for kitchen platforms, vanity counters, window sills, facias and similar locations of required size, approved shade, colour and texture laid over 20 mm thick base cement mortar 1:4 (1 cement : 4 coarse sand), joints treated with white cement, mixed with matching pigment, epoxy touch ups, including rubbing, curing, moulding and polishing to edges to give high gloss finish etc. complete at all levels.			
	8.2.2.2 Granite of any colour and shade	sqm	3	
27	Structural steel work in single section, fixed with or without connecting plate, including cutting, hoisting, fixing in position and applying a priming coat of approved steel primer all complete.	kg	200	
28	Neat cement punning	Sqm	27	
29	Providing and applying liquid membrane water proffing treatment including preparation of surface as required for treatment of roofs, balconies, terraces etc consisting of following operations: a) clean the existing surface with wire brush & remove all the loose materials /particles. (b) Fill Cracks and uneven surface with Dr fixit URP in ration of (1:1) i.e. 1 part of dr fixit URP and 1 part of cement and allow to dry 6-8 hours. (c) Clean the surface with water and allow to dry. (d) Apply Dr fixit primeseal primer @ (2:1) i.e 2 part of Dr fixit primeseal and 1 part of water and allow to dry for 2-3 hours. (e) Make 4 sqm square grid on the entire surface and apply dr fixit new coat @ 2 sqm/ltr /percoat in horizontal direction. (f) Apply 3 coats of dr fixit new coat @ 2sqm/ltr/percoat in the direction perpendicular to each other. The operation shall be carried out after scrapping and properly cleaning the surface to remove loose particles with wire brushes, complete in all respect as per direction of Engineer in charge.	Sqm	40	
30	Dismantling old plaster or skirting raking out joints and cleaning the surface for plaster including disposal of rubbish to the dumping ground within 50 metres lead.	Sqm	27	
31	Demolishing R.C.C. work by mechanical means and stockpiling at designated locations and disposal of dismantled materials up to a lead of 1 kilometre, stacking serviceable and unserviceable material separately including cutting reinforcement bars.	cum	1.25	
32	Providing sand stone slab for roofing and laying them in cement mortar 1 : 4 (1 cement : 4 coarse sand) over wooden karries or R.C.C. battens or structural steel sections (Karries or battens or structural steel sections to be paid separately), including pointing the ceiling joints with cement mortar 1:3 (1 cement : 3 fine sand) complete :			
	Red sand stone slab 40 to 50 mm thick	Sqm	13	
33	Providing and fixing G.I. pipes complete with G.I. fittings and clamps, i/c cutting and making good the walls etc. Internal work - Exposed on wall			
	50 mm dia nominal bore	meter	24	
34	Providing and fixing gun metal gate valve with C.I. wheel of approved quality (screwed end) :			

	50 mm nominal bore	each	3	
35	Providing and fixing G.I. Union in G.I. pipe including cutting and threading the pipe and making long screws etc. complete (New work)			
	50 mm nominal bore	each	5	
	PLUMBING			
	Providing and fixing Chlorinated Polyvinyl Chloride (CPVC) pipes, having thermal stability for hot & cold water supply, including all CPVC plain & brass threaded fittings, including fixing the pipe with clamps at 1.00 m spacing. This includes jointing of pipes & fittings with one step CPVC solvent cement and testing of joints complete as per direction of Engineer in Charge. Internal work - Exposed on wall (Make-Supreme/ Astral)			
36	25 mm nominal dia Pipes	mtr.	180	
37	40 mm nominal dia Pipes	mtr.	180	
38	50 mm nominal dia Pipes	mtr.	90	
	Providing and fixing on wall face unplasticised Rigid PVC rain water pipes conforming to IS : 13592 Type A, including jointing with seal ring conforming to IS : 5382, leaving 10 mm gap for thermal expansion, (i) Single socketed pipes.			
39	110 mm diameter	mtr.	84	
40	75 mm diameter	mtr.	10	
41	Cpvc Brass Ball Valve 40 mm	each	4	
42	Cpvc Brass Ball Valve 25 mm	each	4	
43	Cpvc Brass Ball Valve 50 mm	each	1	
44	Steel reinforcement for R.C.C. work including straightening, cutting, bending, placing in position and binding all complete above plinth level.	Kg	230	
	Thermo-Mechanically Treated bars of grade Fe-500 D or more.			
	GRAND TOTAL			
	ALL THE RATES SHALL BE INCLUSIVE OF GST
