MESSAGE FROM THE PRINCIPAL

Dear Recruiters

In the words of Swami Vivekananda, the true hallmark of that education would be one 'by which character is formed, strength of mind is increased, the intellect is expanded, and by which one can stand on one's own feet.' Vivekananda College provides our students with an environment to seek out such an education and empower them with a strong value system in addition to knowledge and skills that will ensure their welcome and success in any field they choose to step into.

Our responsibility to our students does not end when they leave our portals; it is also incumbent upon us to help them choose what best suits their temperament and talents. For this we seek your assistance and can confidently say that they will make the college proud in any organization that they work. We welcome you to collaborate with us and assure you of a large talented pool with diverse and multiple skills.
